

Visualization tools

FILTERS

The image shows a Power BI dashboard interface. The main area displays a dark-themed visualization titled "Portuguese banking institution" featuring a central bank building icon surrounded by various currency symbols (Euro, Bitcoin, Dollar, Pound, Yen). The right-hand pane is the "Visualizations" task pane, which includes a "Filters" section, a "Build visual" section with various chart types, and a "Data" section. In the "Data" section, the "test" and "train" datasets are listed and circled in orange. An arrow points from the "test" dataset to the word "datasets" below. The bottom navigation bar is also circled in orange and labeled "Pages", showing "Home", "Page 1", and "Page 2".
